ABOUT ME

I am a Computer Science student with a strong interest in data analysis and technology. I enjoy working with data to identify patterns, solve problems, and make better decisions. I am eager to improve my skills in data handling, visualization, and analytical thinking. Apart from data analysis, I am passionate about developing innovative projects and exploring new technologies. I am a quick learner, self-motivated, and always ready to take on new challenges to grow my technical knowledge and practical experience.

EDUCATION

2021-2023

Higher Secondary Education

Sri Ramakrishna BHEL Hr. Sec. School, Mukundarayapuram.
Score: 77%

2023 - Present

B.E / Computer Science Engineering

Annai Mira College of Engineering and Technology, Arapakkam.
CGPA: 85.5

PROJECTS

2025

Virtual Viva Preparation Assistant

Developed an AI-based Viva Preparation Bot that helps students prepare for viva exams by providing questions, answers, explanations, and interactive learning support to improve subject knowledge and confidence.

2026

AI Resume Analyzer & Job Recommendation System

Built an AI-based application to analyze resumes, calculate ATS scores, identify missing skills, and recommend suitable job roles using NLP and machine learning techniques.

SKILLS

- Python Programming
- Artificial Intelligence Basics
- Team Collaboration
- Data Visualization
- Data Cleaning & Data Processing
- Problem Solving
